RECOMMENDATION

2007-05-31
Kaunas

I highly recommend Renata Norbutaitė as a candidate for employment. Renata was employed by JSC "Elinta" as a technician from March of 2003. Since September of 2006 to June of 2007 she worked as a database designer of INFOLARYNX system, a computer-aided decision support system of diagnostics of laryngeal diseases. It was a project of Eureka, a pan-European network for market-oriented, industrial R&D.

Renata Norbutaitė is initiative, communicative and warm with colleagues. She does all the assignments very thoroughly. Renata can work independently and is able to follow through to ensure that the job gets done. She is interested in innovations and the results of her work. Renata is honest, hard-working and operatively solving emerging problems. She wants to advance herself in professional area.

Renata would be a tremendous asset for your company and has my highest recommendation.

If you have any further questions with regard to her background or qualifications, please do not hesitate to call me.

Sincerely,

Dr. Vytautas Jokužis
Director
